### **DETAILED ACTION**

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 131 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by U. S. Patent No. 5,504,905 to Cleary.

As per claim 131, Cleary discloses a method comprising:  
  
periodically communicating information regarding a configuration of a subsystem of a communications device wherein the information is regarding an occurrence of a change in the configuration and a subsystem comprises a communications interface.

### ***Allowable Subject Matter***

Claims 113-120, 122-130, 158, 160-162, 164-172, 174-176, 178-185 are allowed.

Claims 133, 135-142, 144-157 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
